

# Junior Achievement seeks help with tournament

Junior Achievement of Wisconsin, Northwest District has scheduled its annual JA Business Challenge from 8 a.m. to 3 p.m. Wednesday, March 4, at Hutchinson Technology Inc., 2435 Alpine Road.

The event is a computer-simulated, business strategy tournament that attracts about 150 regional high school students who compete for scholarships. Local business professionals mentor three-person student teams that will develop a fictional product, the Holo-Generator, which displays 3-D music videos.
